# Introduction to IIASA's Strategy

# IIASA Strategy 2021 - 2030

*Why*

*What*

*How*

## IIASA Strategy 2021–2030

---

Systems science for transformation

A short phrase encapsulating the belief and purpose of IIASA

*Motto*

## Question 1

**Considering that a Motto is a short phrase encapsulating the belief and purpose of an organization...**

**Do you think that “Systems Science for Transformation” is an adequate motto for IIASA?**

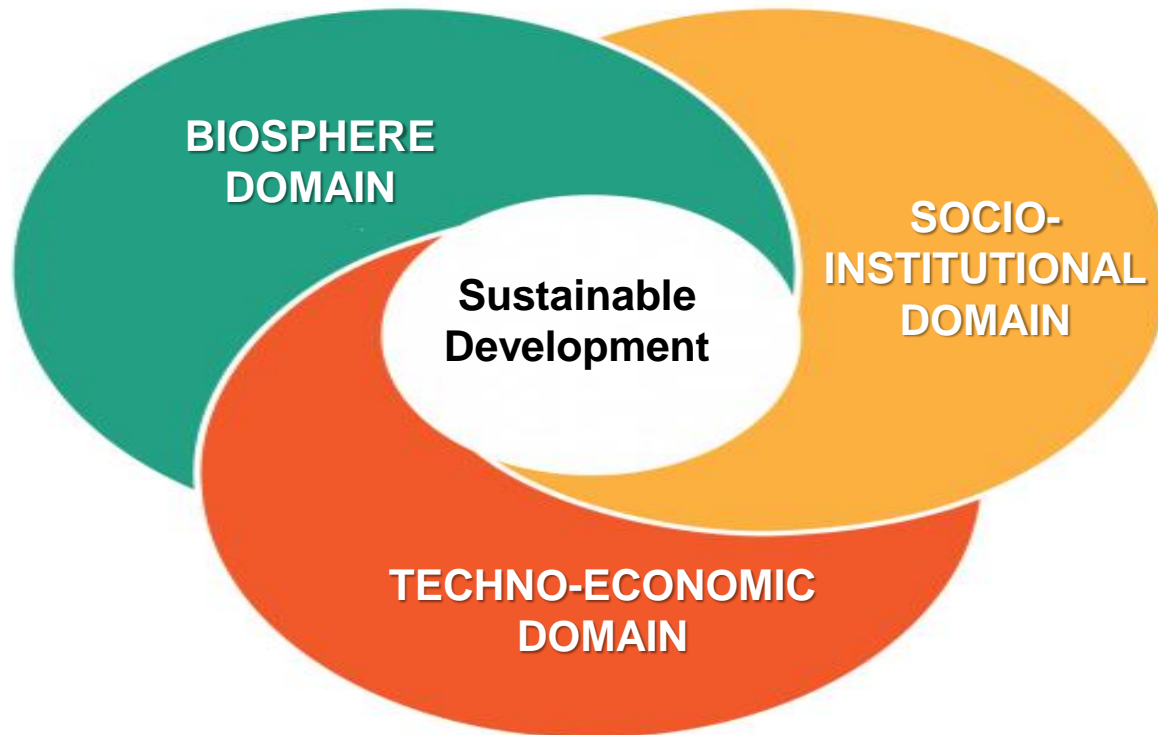

**ANSWER YES or NO**

## Question 2

**Would you have a better motto for IIASA?**

**Share it with us!**

## Challenge domains

## Question 3

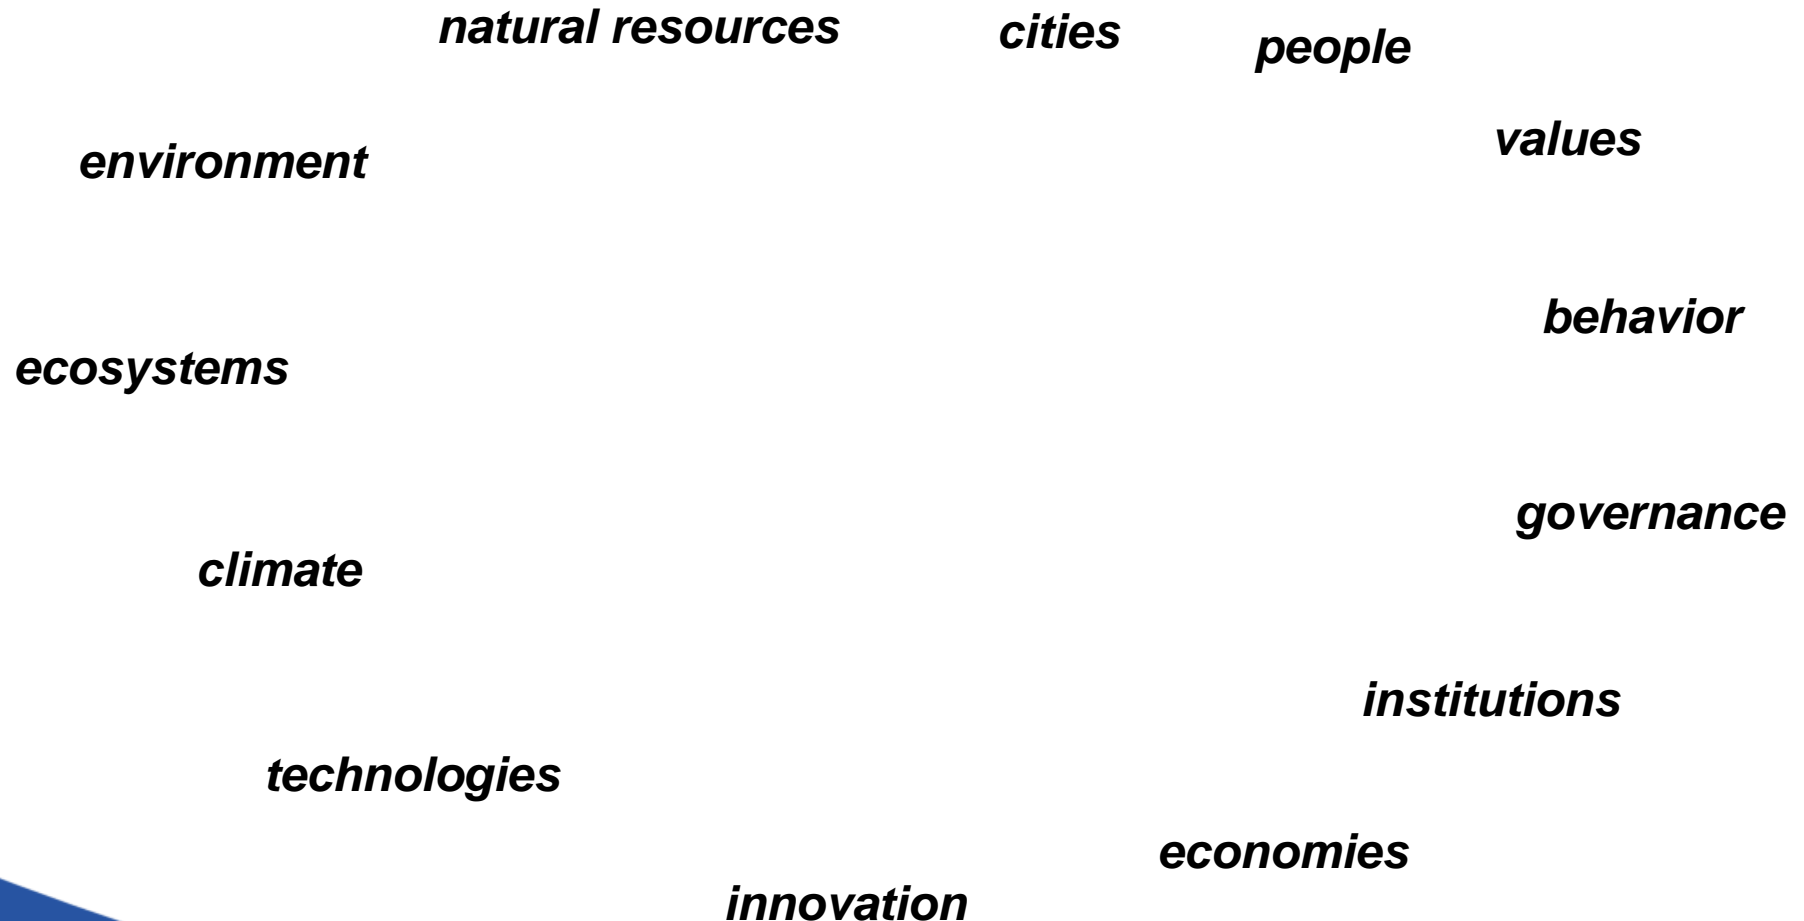

**In your view what is the most important challenge domain for the Americas? Choose only one.**

**BIOSPHERE**

**SOCIO-INSTITUTIONAL**

**TECHNO-ECONOMIC**

## Specific Challenge

## Question 4

In your view, which are the three most important specific challenges for the Americas?

natural resources      cities      people      values  
environment      ecosystems      behavior  
climate      governance  
technologies      institutions  
innovation      economies

Share your three top priority challenges

## Question 5

In your view, there are specific challenges for the Americas missing in this list?

natural resources      cities      people      values  
environment  
ecosystems      behavior  
climate      governance  
technologies      institutions  
innovation      economies

Share your priority challenges missing in the list above

## Interaction with the audience

In your view, there are specific challenges for the Americas missing in this list?

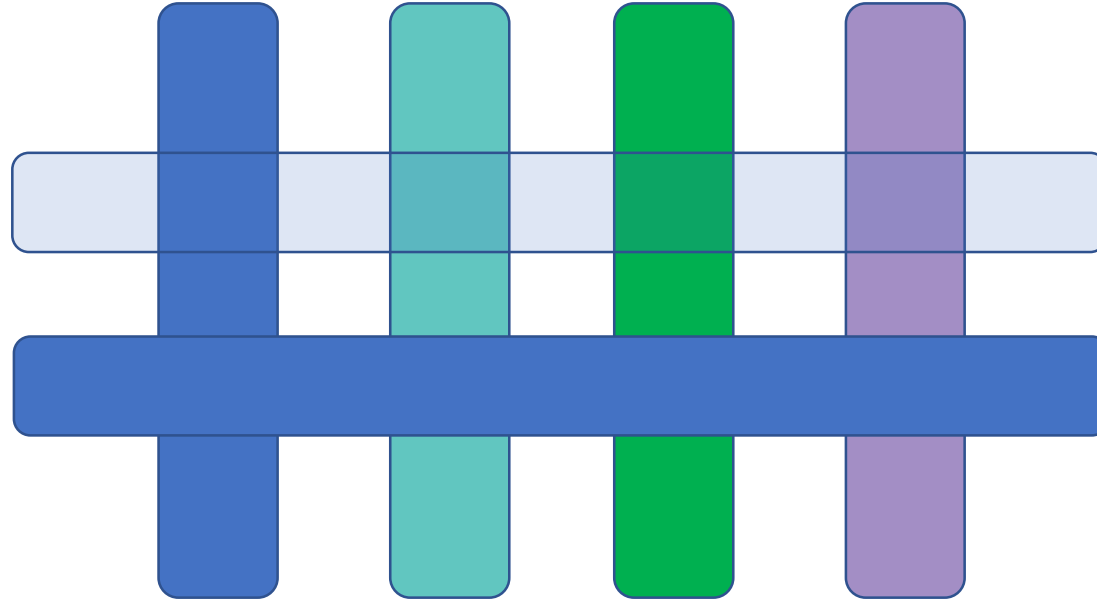

natural resources      cities      people      values  
environment  
ecosystems      behavior  
climate      governance  
technologies      institutions  
innovation      economies

A space is opened for those that indicated missing challenges if they want to justify their suggestions

## Research Organization

### Specialized Programs

Crosscut Platforms

## Question 5

**Considering the challenges ahead, a Systems Analysis organization like IIASA should organize a research platform with:**

**Vertical Specialized Programs**

**Crosscut Multidisciplinary Platforms**

**A Mix of the Two**

**Something Else**

## Interaction with the audience

**Those that responded “Something Else” are invited to share their ideas with us.**

## Impact Axes

*IIASA's research uniquely combines a problem-driven and solution-oriented focus with an approach that is interdisciplinary, international, independent, and of the highest scientific quality.*

*Over the next decade, IIASA will expand collaborations and its efforts at global, national, and regional scales, to disseminate outputs and reach outcomes of great relevance for its member countries and for the global good.*

## Delivery for Impact

1. **FRONTIER** - Advancing the Frontiers of Systems Analysis
2. **POLICY** - Providing Robust Policy Advice
3. **TOOLS** - Providing Tools and Support to the Research Community
4. **CAPACITY** - Capacity Enhancement & Training
5. **KNOWLEDGE** - Communication and Knowledge Dissemination
6. **DIPLOMACY** - Science and Diplomacy
7. **PUBLICATIONS** - Publications and products for outreach

## Question 6

**In your opinion which are the three results that will deliver more impact to the Americas?**

**Share the three most important results for impact**

## Question 7

**Anything missing in this list?  
What else IIASA could deliver to the Americas?**

**Share your ideas**

## **Interaction with the audience**

**Anything missing in this list?  
What else IIASA could deliver to the Americas?**

**Those that responded will be  
invited to comment**

# IIASA Strategy 2021 - 2030

Thank you!
